Charter: Bryn Mawr College Fencing
Club Drafted January 2007; Updated Fall 2019

Purpose of Club: The Bryn Mawr College Fencing Club (Vixens) is a competitive club that practices and teaches fencing in a supportive environment. We compete in individual tournaments, collegiate events including the Temple Open, and team events in the Baltimore Washington Collegiate Fencing Conference (BWCFC), the United States Association of Collegiate Fencing Clubs (USACFC), and the National Intercollegiate Women's Fencing Association (NIWFA) in all three weapons (foil, epee, sabre). No previous experience or equipment required! Dues are required, but provisions can be made.

Purpose of Charter: The purpose of this charter is to outline the structure and rules of the fencing club. Given the nature of the club, the best way to manage it may fluctuate depending on its current members. The charter is a living document, and it serves as a backing to the functionality of the club and a general conflict resolution rulebook. If there are significant changes to club size or purpose, the policies in this charter may need revisiting.

Membership: The Fencing Club is open to all members of the Bryn Mawr College community, regardless of previous fencing experience. The Fencing Club welcomes and will gladly teach beginners. Dues will be required of all members, but provisions will be made in cases of financial hardship. Speak with the Treasurer regarding any issues in paying dues or other money owed to the club. There is no limit on the number of members.

Duties of Members: Members are expected to show up at all practices and tournaments possible, and should contact the team captain if unable to attend practice or tournaments. Members are expected to volunteer for tasks and generally help with the running of the club. They are expected to maintain a respectful and mature attitude towards their coaches, teammates, referees, and opponents.

Eligibility for Competitive Slots: Competitive slots are often limited. It is therefore necessary to prioritize eligibility based on the following qualifications:

1. Show up consistently at practices, with priority given to those with the highest attendance out of the three weekly practices
2. Accept the coach’s and squad captain’s decisions concerning eligibility
3. Work well with all members of the team
4. Pay all dues and all money owed to the team, including for equipment, jacket, transportation or tournament fees, etc., before tournament unless other arrangements have been made
If an individual signed up to go to a tournament and can no longer attend, they should notify their squad captain and team captain as soon as possible, preferably within 24 hours or the minimum regulations for that tournament. For example, the NIWFA requires teams to field full squads at risk of expulsion from the conference (barring sickness or injury). If slots at the next tournament are limited, a member who did not provide due notice may be put at the bottom of the priority list to be eligible for a competitive slot. Squad captains will maintain records of this information.

In cases of large squads, seniority within the club may be an additional factor in determining who gets priority to compete in specific events. Any problems should be promptly communicated to the club President, Vice President, Team Captain and other involved parties.

**Attendance:** Members should aim to attend 2 out of 3 weekly practices, held on Mondays, Wednesdays, and Fridays. To receive PE credit, members must attend 50% of all scheduled practices. Absences can be made up by attending squad practice; one practice per absence. Members can only receive 1 PE credit for fencing each year or half a credit per semester. Absences or late arrivals to practice must be promptly communicated to the team captains. If the member is unable to contact a captain prior to practice, they are expected to do so as soon as possible. If members have a minor injury or illness, they are expected to attend practice and may be given a lessened or altered workout. If a member has been absent for more than 2 weeks without contacting the captains, they will be contacted.

**Squad Workouts:** On nonpractice days, squad captains will lead workouts, including running and calisthenics. These are not required. The intention of squad workouts is to help the squad get exercise outside of practice, and to promote bonding and camaraderie. These will be scheduled at the discretion of the individual squad captains after taking into consideration the schedules of the squad members. The squad captain is responsible for ensuring workout times are accessible to all members of the squad, whether through email, Facebook groups, GroupMe, etc. The squad captain should be consulted with any questions, or if a squad member is unable to attend the workouts.

**Coach Job Description:** The coach is expected to show up for all practices and meets on time (unless arrangements are made in advance) and to notify the President, Vice President, and Team Captain of any absence in advance. At practice the coach is expected to provide varied drills and to divide their time evenly between all members. This plan should be responsive to the needs of the club concerning pace and difficulty. This plan should be modified as needed with feedback from the club members and officers, and modifications should be implemented immediately. The coach is expected to determine competitive slots and advise substitution during competition. The coach should be constantly willing to
improve their knowledge of fencing and sports medicine.

The coach should maintain an attitude that is inspirational to the club, generates respect from the club, and reciprocates that respect. The coach should be approachable for any member, and should listen to the needs of the club.

**Officers:** It is vital that people running for Office be able to carry out their duties. They must be committed to the club and to their work. If they are having trouble with their responsibilities then they should talk to the club President and Vice President. Officers may delegate to other club members as necessary. It is important that each officer maintains a record of their time in office in the binder provided for that purpose. Officers may be from any class year, as long as the nominee has been with the club at least one semester (two years for President) and has a record of 75% attendance with minimal unexcused absences the semester before nomination. While in office, officers must maintain a consistent record of 75% attendance. President, Treasurer, and Team Captain may not hold any other position during their tenure. At the beginning of the year, new members should be made aware of the different positions and their responsibilities.

**The Executive Board** shall consist of the President, Vice President, Treasurer, Fundraiser, and Team Captain.

**The Officers** shall consist of the Executive Board, Squad Captains, and Secretary.

**Decisionmaking Process:** The Executive Board, in consultation with the Secretary, Squad Captains, other club members, and/or the Coach, are responsible for decisions not directly relating to what happens in practice. This includes deciding practice times, cancellations, etc. Any formal votes by the Executive Board will take place via an anonymous vote at the meeting, and any board members who were unable to attend can submit their vote at a later time. Other Executive Board decisions may be made by more informal discussion or mutual consensus. However, any decision that affects or relates to club policies (not including practice times, coordination between officers, etc.), must be recognized as such and reported by the Secretary to the rest of the team. The Secretary will confirm the wording of this report with the discussion participants before sending it out. The Secretary must attend all meetings of the Executive Board, and an Executive Board meeting may not be scheduled during a time the Secretary is unavailable.

**Elections:** will be held annually for President, Vice President, Treasurer, Fundraiser, and Secretary. Nominations will be held the week before Spring Break, after which nominees will be given a chance to
accept their nomination and provide a candidate statement, or decline the nomination. The election process will be run by either the outgoing president or another senior, or the Secretary if needed. Nominations will occur via an anonymous online form such as Google Forms, as well as in person at practice, dinner, or a movie night. Nominations can also be given via email to the club president within the nominations week. Nominees will be informed by the President through email, where they can accept or decline the nominations. Votes will be taken via secure online poll. All dues-paying members with 50% or more attendance will have voting privileges. Emergency elections may occur in the case of a sudden vacancy, which may be due to an officer failing to fulfill their position. In the case of emergency elections, nominations will be made either through email or verbally. The new officers will be given time to learn their duties under the supervision of the old officers.

Nominees are given one week to accept their nominations and to submit a candidate’s statement. Elections run for one week. Elections for all positions will have the following options: the names of all eligible candidates, an abstain option, and a no vote option. 50% of eligible club members must vote in any election for the results to be eligible. In order to be elected, a candidate must receive a simple majority (50%+1) of all active votes. In the event that no candidate receives a simple majority, a runoff election will be held between the top 2 candidates for 48 hours. In the event of a majority no vote, all running candidates will be disqualified for that position and a new nominations and elections round (each lasting 48 hours) will be held. Candidates who were not elected during the regular election are permitted to run in new elections rounds, if qualified and nominated. Winners will be notified by email and have 24 hours to accept their position.

**President** is the liaison to the school and athletic administration as well as other schools and the USFA. They are in charge of coordinating with the other officers, especially with the Treasurer and Fundraiser at the beginning of the semester when budgets need to be written. They are also responsible for, among other things, reserving space for practice and social gatherings, organizing team social gatherings, advertising for the club, keeping attendance (if the captain is not at practice), and calling meetings. They are the main contacts for the club and should be consulted if problems concerning the club occur. They are in charge of the master schedule for the club and should be consulted if other members would like to suggest or organize club events. The President must have been a member of the club for no less than two years at the time of election. The President and Vice President must be able to work together to divide up the work of running the club.

**Vice President** assists the President with any and all responsibilities of running the club. They must be able to work well with the President and be willing to assist with the workload. In the event that the
President is unable to attend a practice, the Vice President will be responsible for their duties. The Vice President can also assist any other executive board members if needed.

The President and Vice President will maintain and update the master binders for the club.

*Treasurer* is in charge of all monetary transactions, including the collection of dues, the payment of insurance, and the submitting of contracts. They must coordinate with the President and Vice President on equipment orders, budgets, and tournament fees. They must also frequently communicate with the Fundraiser. The Treasurer is not, however, responsible for fundraising. They must keep up to date on the club’s current financial situation. They must be present while equipment or fundraising orders are made or briefed on the transactions in advance. They are responsible for turning receipts into the Student Finance Committee (SFC) for reimbursement as well as complying with criteria outlined by the SFC for club funding.

The Treasurer should keep the proposed budgets, approved budgets, copies of receipts and other pertinent financial information in their binder. They should photocopy any receipts that need to be turned into the SFC and keep the copies in the binder.

*Fundraiser* assists the Treasurer with their responsibilities. The Fundraiser is specifically in charge of fundraising, and coordinates all fundraisers, including publicity, fielding questions, and research, ordering etc. for fundraisers. They must be in close communication with the Treasurer, especially at the beginning of each semester, in case any fundraising advances need to be requested. All monetary transactions must be discussed with the Treasurer.

The Fundraiser should keep information regarding sales on campus and the contact info for companies that fundraising items were purchased from as well as any other useful information.

*Team Captain* is a single club member who is interested in taking on the responsibility of assisting the coach during practices and leading practices in the coach’s absence. The Team Captain may not hold any other Executive Board positions, and may not serve as a Squad Captain. The Team Captain should have a good understanding of the theoretical and technical aspects of fencing and should be able to clearly communicate that understanding to their teammates. They are responsible for keeping attendance (and seeing to it that attendance is handed in on time). The Team Captain is also responsible for coordinating the squad captains and coordinating tournaments. They will consult with the President, Vice President, and squad captains in making decisions. They will find information
about local tournaments and distribute it to the club. They will work closely with the President and Vice President when hosting tournaments at Bryn Mawr, making sure space and all necessary equipment is available. They will obtain and distribute directions to those attending tournaments (both individual and team events). They will reserve vans from the college as needed, and also have the information about the procedures through which one obtains a van license.

The Team Captain will be appointed at the discretion of the coach from a pool of nominations from current officers.

**Squad Captains** will represent their respective squad during team events, as well as make decisions, with the input of other squad members, regarding substitutions and rotation. They will also be responsible for holding squad workouts (also known as “captains’ practices”) on non-practice days. Squad captains are also responsible for working to encourage good relations between members of their squads.

After consulting all squad members, squad captains are chosen at the discretion of the coach, team captain, and current squad captains, with selection usually being based on seniority and experience.

**Secretary** is responsible for attending all Executive Board meetings, and recording and distributing meeting notes over the email listserv within 24 hours of all meetings. They will facilitate communication between club members and the Executive Board. They will notify team members of upcoming open Executive Board meetings and other events. They will organize Open Forum topics submitted by team members and take Minutes during the forum. The Secretary will also be an avenue for club members to express anonymous feedback or issues with the club. The Secretary will pass on the person’s comments to the E-Board or other appropriate group. The Secretary must conduct their duties in an evenhanded way, and be able to separate any personal feelings from the responsibilities of the position. The Secretary does not have a vote in Executive Board decisions.

**Volunteer Positions:** Volunteer positions will be open to new volunteers at the end of the semester, and can continue to be volunteered for at the beginning of the next year.

**Charioteers (Van Drivers)** are responsible for driving the club van to and from tournaments in circumstances where Coach is unable or unavailable to drive the van. The charioteer is also responsible for picking up the van at the practice before the tournament so that the team can load the van. This
position is open to any number of people all years, including first years, provided they have received van certification from the Transportation Department.

Armormers is in charge of keeping the club inventory up to date, posting the most recent copy of the inventory posted in the cabinet, keeping the cabinet orderly, noting which weapons need to be repaired on the “Repairs” sheet and making sure that weapons in need of repair are labeled. The Armorer will be required to learn some equipment repair skills, either from the coach or the previous Armorer. It will thus be their responsibility to impart this knowledge onto other club members (informally or in the form of armory demonstrations) and assist with equipment repairs. They should also pay attention to whether or not the stash of pens and first aid supplies are getting low, and let President and Vice President know. They should keep updated copies of the inventory in their binder as well as notes about what needs to be repaired.

Web Admin will be responsible for the maintenance of the club website/blog, Facebook group, and Facebook page for fans & alums. They will communicate with Information Services and the Help Desk for useful information and in the event of technical difficulties. The club will decide with them about what to put on the website and fan/alum page, including, but not limited to: information about practice times, tournament schedules, pictures and updates, and other public fencing information. The Web Admin should keep website related information in their binder.

Assistant Fundraisers will assist the Fundraiser with their duties as needed. This position is open to members of all years, including first years.

Club Historian will be responsible for alumni relations and will work closely with the Fundraiser in fundraising through alumni. Club historian will also be responsible for researching the history of the club and compiling this information as needed. They will maintain a document of team traditions accessible to the club members. Club historian will also make sure there are copies of previous charters in the fencing binder/hard drive for possible future consultation.

Removal Procedures: These procedures apply to all club members. Removal of club members will be decided by the executive board, in consultation with squad captains and the coach.

1. Resignation
   a. Members: May resign from the club if they so choose without fear of harassment from the club. If resigning, the member should let an Executive Board member know.
   b. Officers: Should an officer be unable to fulfill their duties, they must resign their
position. If an officer appears to be unable to carry out their role, or their attendance has dropped significantly, another officer should first reach out to them to find out whether they will be able to fulfill their duties and determine next steps.

   i. Emergency elections should be held to fill the vacant position.

2. Removal

   a. Grounds for removal for general club members:

      i. Behavior including but not limited to:

         1. Insubordination, such as repeated unwillingness to participate
         2. Violation of honor codes

            a. Not paying dues or any money owed to the club, including for equipment, jacket, transportation or tournament fees, etc., without extenuating circumstances
            b. Negative/derogatory behavior, e.g. disrespect towards teammates.

      Members are expected to follow the social honor code, e.g. directly confronting others as necessary regarding any issues they may have.

      ii. Grounds for immediate vote by the exec. board for removal

         1. Unsafe conduct e.g. actions towards opponent without mask, actions interpreted by coach as excessive and deliberate
         2. Repeated disrespect towards club members, leaders, or coach.

   b. A member may be removed with the following procedure:

      Team Captain and Squad Captains come to a consensus, and notify the exec. board and coach. Team Captain and coach will speak with the offending party and notify the exec. board of the substance of the discussion. If the person has not changed their behavior after two warnings, the exec. board will notify the member in question that their membership is under question and provide a time for the member to address the board directly. The board may remove the member by simple majority vote, upon removal the treasurer shall refund any portion of dues remaining with the written decision of the exec. board.

   c. Grounds for removal for officers include:

      i. Inability to fulfill duties
      ii. Inability to maintain good membership standing (e.g. lack of attendance at practice, not paying dues without extenuating circumstances)

   d. A majority of Executive Board members may bring the question to remove an officer to the membership body for a majority vote.
Open Forums: Open forums will be held once per semester, and during the year as needed. The open forums allow for discussion of relevant topics and input from team members. Members can submit topics for discussion to the Secretary, who will filter them and send out a list prior to the forum. Any topics that would be inappropriate for an open forum will be discarded, and the Secretary will explain to the member an appropriate course of action regarding their topic. A member will be designated to call speaking order.

Conflict between members: In the event of a conflict between 2 or more members, direct confrontation should be initiated as per the honor code. If a member does not feel comfortable with directly confronting someone, they can approach one of the officers if desired or follow the rules of conflict resolution (first approach an HA, then to the Conflict Resolution Committee Board, etc.). All involved parties should be present during the confrontation. Persons present must be directly involved or mediating the discussion.

Source of Income: The Fencing Club will rely upon membership dues, fundraisers, SGA funds, and/or donations for income. This money will be used to purchase equipment and to fund club activities.

Dues are collected each semester. Dues are $25 for new members, and $50 for returning members. Unless previous arrangements have been made, money is due no later than 2 weeks after the request is made. The member must speak with the Executive Board if there are issues in paying dues or other money owed to the Club.

Alum Policy: Alums can come to 9 practices in the fall semester after Fall Break, and 16 practices in the spring semester.

Alums can freely attend end-of-the-year dinner, alums can attend post-practice dinners by invitation of a current student. Exceptions for specific events can be voted on by the E-Board. The alum or the inviting student must notify a member of the E-Board at least one week before attending practices/events; the E-Board will then notify the team, and team members will have the opportunity to raise objections or concerns. Alums cannot bring an outside guest to fencing prom.

Squad practices will include alums by invitation of squad captain; this counts as one of their allotted practices per semester. The first movie night, where we watch The Princess Bride, will be students only. Alums are welcome at all public tournaments.
In addition, students outside of Bryn Mawr (such as Drexel students) can come to 5 practices in the fall semester after Fall Break, and 8 practices in the spring semester, and they can come to fencing dinner, movie nights, fencing prom by invitation/agreement of a member of the E-Board.

No dues are expected of alums or students outside of Bryn Mawr. However, they need a USFA membership (for insurance purposes) & a signed waiver to attend practice. Alums and outside students are bound by club rules and the Bryn Mawr Honor Code.

**Amendments to Charter:** If necessary, the Fencing Club will amend its charter by a simple majority vote. A review will be held annually at the end of spring semester, and if changes are needed, a committee of volunteers will be formed to review and draft modifications over the summer which will then be voted on at the beginning of fall semester before new fencers are brought into the club. In the event that urgent changes must be made to the charter, a 2/3rds majority vote of the active club members is sufficient to call a meeting to amend and reaffirm the charter at any point.
